

## Picture 4: **PASSION**

We are enthusiastic and eager to learn and do amazing things, individually and together.

### John 13: 3-9 **Jesus washes his friends' feet**

You can hear the story read [here](#)

This is a story about something that Jesus did. It is a very simple act of kindness.

Doing things with **passion** doesn't have to involve being the greatest. Jesus was passionate in all that he did, but he often chose to do the tasks that others thought were just for servants or less important people. It really is a great example of how to live.

God creates us in His image and puts His creativity and passion inside our hearts. God loves it when we demonstrate passion and enthusiasm for things and apply ourselves wholeheartedly to whatever we do, even when the task itself is not very special or exciting.

I wonder what you are passionate about?

Are you as enthusiastic about cleaning your bedroom or helping with chores?
